

I STRONGLY protest any governmental effort to limit the services provided by XM radio. I benefit greatly from the traffic reports in the traffic clogged D.C. area. XM also makes my 50 minute commute far more bearable. I cannot possibly see how the government should interfere with what XM subscribers obviously view to be a valuable and entertaining service. Accordingly I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that the public desires.
